Sounds like The Bristol rumor was started and continues via Lyda's office. (Namely, Portia Babcock - Lyda's COS, Tuckerman's sister (Tuckerman being Lyda's new son-in-law), former spouse of Kyle Parker (the oil/gas lobbyist busted for working with Ruedrich while at AOGCC), now girlfriend of Ralph Samuels... all those attributes all rolled into one Portia.

Anyway, a former leg staffer heard the discussion at a rest. in Wasilla, evidently sitting near Lyda's people... she passed it on again today to folks at my sister's church... it's pretty pathetic.

Bristol does want it squashed - we just don't know how to do so without making it a bigger issue. Can you feel out Wesley and McAllister to see if that's where they got the rumor, as others are saying it's Lyda's office. I figured it was them or Bitney.

We'll get it taken care of, don't worry.

Diana Straub heard it and let Molly know today in church. I can guarantee Diana heard it from the horses mouth or the horses office-she and Janey are pretty friendly. When confronted lyda won't be able to do anything but apologize for her staff. How unbecoming and embarrassing for her office esp when press start inquiring...

Flippin unbelievable. Wouldn't you think they'd be afraid of being proved wrong when they rumor around the building like that? I wonder if Wesley and McAllister did hear it from Lyda's office though... hopefully it'll be another reason why reporters and the public can't trust that odd group of strange people.
