RE Huckabee Administration Data

Dear Governor Huckabee:

This letter is to verify the disposition of data maintained by the Department of Information Systems for the Office of the Governor during your tenure as Governor. As of this date, the following actions have occurred:

- All desktop and notebook computers have been collected and their hard drives have been subjected to the ECIO standard seven-pass overwrite. All drives have been subsequently crushed under the supervision of a designee of your office.
- A backup has been conducted for the network drives and the backup tapes have been delivered to a designee of your office.
- A mirror image of the network drives has been created and the mirror drives have been delivered to a designee of your office.
- The network drives have been subjected to the ECIO standard seven-pass overwrite. The drives have been subsequently crushed under the supervision of a designee of your office.

It has been the pleasure of the Department of Information Systems and our staff to provide technology services to you and your office during your tenure as Governor. We offer you and your family our best wishes and appreciation for the confidence you placed in our agency during the past ten years.

Sincerely,

Gary Underwood  
Chief Technology Officer

ACKNOWLEDGEMENT

I acknowledge the receipt of the data listed above and that the actions taken meet the requirements of the Office of Governor Mike Huckabee.

Brenda Turner  
Designee of the Office of Governor Mike Huckabee
